Relevant experience

- His practice includes a broad range of matters including banking and financial law in general and has advised a variety of financial institutions on all aspects of lending, including short-, medium-, and long-term loans, derivative transactions, structured and other commercial lending transactions and other various collateral structures. He also represented issuers in local and international offerings involving the registration with multiple securities regulators. Jorge also advised local and foreign banks on regulatory and foreign exchange issues with the Argentine Central Bank, and he regularly advises clients on foreign exchange controls and money laundering matters.
- He has been cited as a leading practitioner in Banking & Finance law by, among others, Chambers Latin America, The Legal 500 Latin America and International Financial Law Review (IFLR1000).
- During 2007 and 2008 he worked as an International Associate at the New York office of Simpson Thatcher & Bartlett LLP.
